

Excavation Services

Total-Western's Excavation and Transportation Division offers our customers a wide variety of earth moving and transportation services. We provide drilling location and site building services, right of way construction, and sump work. We also provide hauling services, such as belly dumps, high-bed with a hydrocrane, and low-boy for equipment moving.

Our range of equipment includes:

Dozers, Graders, Loaders, Excavators, Backhoes, Scrapers,
Water Trucks, Compactors, Mixers, Ten-Wheel Dump Trucks.
